

Starting a Middle School FTC Team!!

a Workshop
for Mentors, Coaches & School Administrators

Saturday June 09, 2012 10:00am to 12:30pm

At the Code Red Robotics Build Space:
921 47th St,
Wyoming, MI 45909

Gracious Professionalism and core values are fused with innovation, math, science and fun in this hands-on engineering program! Come find out how to launch a sustainable, successful FTC team at this **free workshop**. Topics will include:

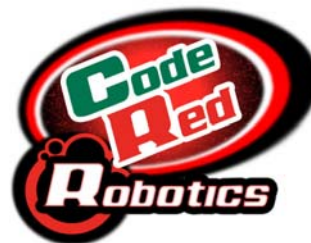

- Registration and tournament info
- Team management guidelines
- Coach & mentor qualifications and time demands
- Programming and Controls resources
- Cost, budgeting and fund-raising tips
- Where to find vital resources & updates
- Q&A with area FTC coaches

FIRST Tech Challenge is a successful and proven *FIRST* program. Founder and inventor Dean Kamen stated that he designed FTC to be **the perfect fit between *FIRST* Lego League (FLL) and *FIRST* Robotics Competition (FRC)**, and is thrilled to have FTC offered to Middle Schools in Michigan.
