

Boston College High School **Lead FIRST Robotics Mentor**: Job Description

General description:

Boston College High School, a Jesuit high school with 1600 students (7-12) located in Dorchester Ma. has a unique opportunity for an individual to act as Lead mentor for its FIRST Robotics program. The program consists of 25-30 students. The program is funded by the school and corporate sponsorships and has competed successfully for two seasons in FIRST. The following are a list of some of the attributes we are looking for in the Lead Mentor.

- Some FIRST or other formal Robotics experience
- Some technology experience preferred but not required in one or more of the following fields of study;
- Programming (Java or other)
- Mechanical engineering
- Electrical engineering
- Preferred experience promoting/encouraging S.T.E.M. education
- Open to or already part of larger local (Boston) FIRST community
- Understanding of Boston College High School's Jesuit philosophy
- Able to meet time commitment (details provided in interview)
