Directions:

What to Bring:

Please make sure that your team brings the following materials to the scrimmage. Outside of asking the other teams attending, there will be no designated spare parts table. If essential, we can make an announcement on

the field for any part requests.

1. Safety glasses for all team members, plus any extras for guests.
2. A semi-working robot with its driver station and controls.
3. Robot DAP-1522 Rev B wireless bridge (radio).
4. Programming laptop
5. Power strips and extensions cords
6. Robot batteries and chargers
7. Game pieces

Registration:

Teams can register for the scrimmage through the RoboWarriors website: www.team41robotics.com

Event Rules:

This scrimmage will be set up as an open field. Teams are free to test their robots.

If more than one team is on the field only a mentor may be on the field with the robot.

If your team is the only one on the field 3 people (mentor(s) and no more than 2 students) may be on the field with the robot.

No more than 4 robots may be on the field at one time for open play.

Each team may spend no more than 10 minutes on the field if there are other teams waiting.

If 6 robots are fully functional we will attempt a match.

Robot Drop-Off:

Teams must bring their robots to and from the scrimmage each day. We will be unable to store robots overnight.

What To Do Upon Arrival:

When teams arrive they should check in with Jim Giacchi or Peter Ponzio.

Webcast Info:

The webcast of the event can be found on [Twitch.tv/avengerslayer](https://www.twitch.tv/avengerslayer).

Important Housekeeping Rules:

There is to be no food or drink on the field at any time.

Safety glasses are required in field at all times.

Stay in the gym and the designated areas around it unless directed by a mentor from Team 41.

If a team needs to use our metal shop they must get permission from a Team 41 mentor.
