

The CW Tech Team is part of the FIRST Robotic Competition (FRC) program. Our mission is to inspire young people to be science and technology leaders by engaging them in exciting mentor-based programs that build science, engineering and technology skills, that inspire innovation, and that foster well-rounded life capabilities including self-confidence, and leadership.

Participating Schools:
Coloma High School
Grace Christian
Home School Students
Lake Michigan Catholic
Michigan Lutheran
Watervliet High School

All donations are tax exempt.
Make checks payable to Coloma Community Schools and put "robotics" in the memo.

What is FIRST?

For
Inspiration and
Recognition of
Science and
Technology

FIRST is about inspiring young people's interests in science and technology.

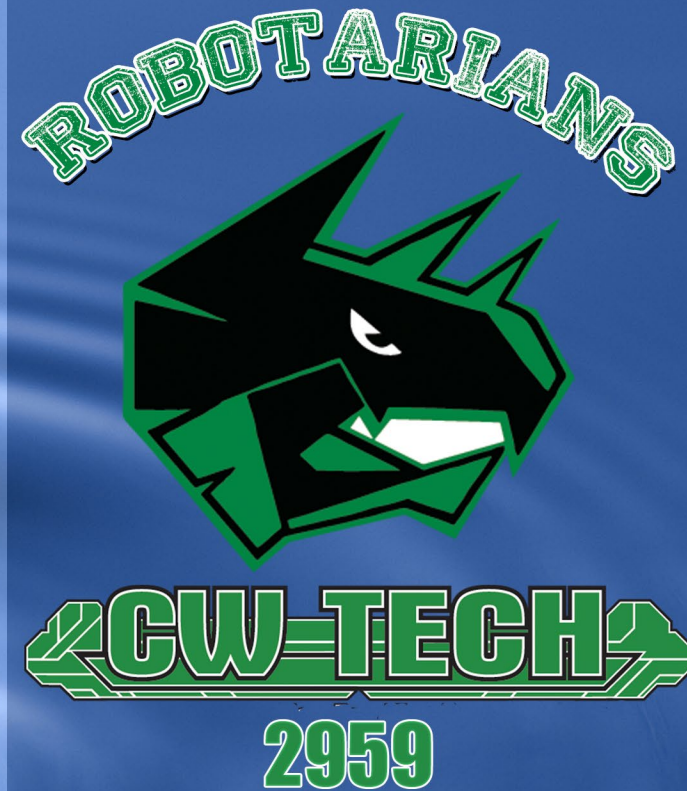

FIRST does this by presenting youth with the challenge of creating a robot to play in a series of games each year.

FIRST consists of four different levels:

- JR. FLL** - Kindergarten through third grade
- FLL** - Fourth grade through sixth grade
- FTC** - Seventh and eighth grade
- FRC** - High School

CW TECH is a part of **FRC** and working to establish other levels at our member schools.

The Ripple Effect

Hardhat Safety Award
Industrial Safety Award
Gracious Professionalism Award
District Finalist
