Top 10 reason to attend Cal Games 2004

1. It's a very fun family-oriented event.
2. It's a low-stress way to introduce your team to the competition.
3. You get to use last year's robot again!
4. New people can drive the machine in competition
5. Arguably the coolest awards from any robotics competition!
6. COMPLETELY community run!
7. A great way to network with other students and mentors in your area.
8. The more teams that participate, the more fun the competition is!
9. Show your school administrators and parents what the competition is really like.
10. Cal Games 2004 is the biggest off season competition WRRF has ever hosted!
