#### Quick job description: **Game Watchers**

As game watchers, your job is to watch the game for us ;-). We have what's called the "Autonomous Mode Challenge" at Cal Games this year, and your job will be to record each robots' performance during the autonomous period of the match and determine the winner for the Autonomous Mode Challenge. The Job is very simple. Organize yourselves and assign a person to one of six robots for each match, and write down the amount of balls they scored into the center goal during the autonomous period. We will also need one of you to keep track of the scoreboard for this challenge.

#### When do you come in? What do you do when you arrive at Pioneer High School?

We are asking all volunteers to arrive no later than 8am on the morning of October 28th. When you arrive at PioneerHigh School, please head over to the **Volunteer Check-In Table** located in the mini gym where the **pit area** is. The table will be right next to the registration table where participating teams sign in. Talk to one of the **Volunteer Coordinators** and they will check you in and give you your **Volunteer Badge** and meal ticket. You cannot enter the playing field area without a **Volunteer Badge** or Team Badge. The Game Watcher crew will receive a free lunch and drinks that day.

Then the **Volunteer Coordinator** will direct you to the right person to talk to, in your case, it will be me, **Ken Leung**. I will talk to you about your job and what you need to do, but here is a quick run down: There are 6 spots on the field where robots start inside at the beginning of the match. I will assigned each of you one of the six spots, and your job is to watch the robot in that spot in every match. I will provide you with the necessary paper and pens, and show you where the paper scoreboard is and how it works. Simple as that.

Your job will go on from **9:00am**, before qualifying matches begin, until **4:15pm**, when elimination rounds are over.
