Assembly Instructions

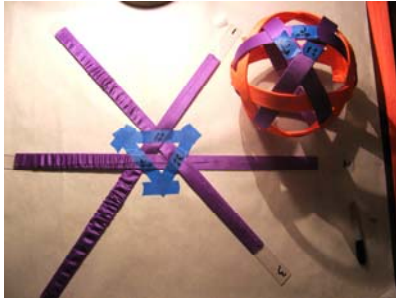

Kit Contents

Quantity	Description
60 ea.	1.1" x 28-1/2"x 1/16 " Lexan strips
1 ea.	Emery board
30 ea.	Orange Spandex fabric tubes
30 ea.	Purple Spandex fabric tubes
1 pkg.	1"x1" Super adhesive patches
1 roll	1/2"-wide high-strength polyester tape

Lunacy Game Ball Assembly Instructions

1. Round-off the corners at the ends of the lexan strips with a few strokes of the emery board.
2. Remove protective films from the lexan strips.
3. Slide the lexan strips into the fabric tubes. Center the fabric seam on one side of the strip.
4. Weave the ball as shown on the next page. Taping down & numbering the strips and referring to an Orbit ball makes weaving much easier. To bond the hoops, apply a super-strength adhesive patch to the underside of the rounded end, align carefully and press ends together firmly. Tightly wrap the joints with at least 2 turns of tape.
5. Slide the hoops to distribute the joints around the ball and butt the fabric tube ends together.
6. Sew the ends of the fabric tubes together (needle and thread not included).
7. Now practice, practice, practice and enjoy your durable Lunacy Game Ball!

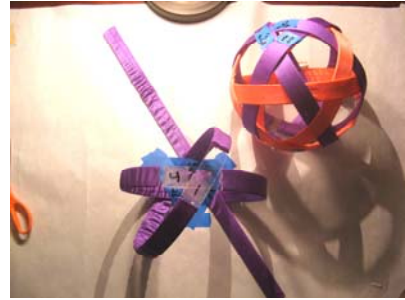

Weaving Lunacy Balls in 10 steps

1. Tape down 3 purple strips as shown

2. Form hoop #1 and bond ends together

3. Form hoop #2 over hoop #1, bond ends

4. Weave hoop #3 under #1 and over #2, bond ends

5. Insert orange strip (#4) as shown

6. Form hoop #4 inside purple hoops on right, outside hoops on left, bond ends

7. Route strip #5 under #1, over #2, over #3 & under #4.

8. Continue weaving strip #5: over #1, under #2 and over #4, bond ends

9. Insert strip #6: over #1, under #4, over #2, under #3, over #5

10. Continue weaving strip #6: under #1 over #4, under #2, over #3 & under #5, bond ends
