

**Any of the following boot diskettes will do,
regardless of the OS installed on the
laptop's hard drive**

**Make a DOS boot diskette
using Windows 98,
Windows 95, or DOS 6.2:**

FORMAT A: /S

Make a DOS boot diskette using Windows XP

Make a DOS boot diskette using a FreeDOS image:

1) Download the FreeDOS image¹:

<http://www.finnix.org/Balder>

2) Download an image writing utility²:

<http://ether.comeze.com/FRC/diskette/>

**3) Use the image-writing utility to write the
image to a 3.5" diskette**
