

Junior *FIRST* LEGO League, *FIRST* LEGO League, *FIRST* Tech Challenge, & *FIRST* Robotics Competition  
Aligned with Pennsylvania Academic Standards in:  
Science & Technology; Mathematics; Career Education & Work; Reading, Writing, Speaking, & Listening; and Arts & Humanities

Prepared by: Rich Kressly, M.Ed.  
PA Public Educator & former *FIRST* Senior Mentor, [kresslr@lmsd.org](mailto:kresslr@lmsd.org)

v1.5 – 12.22.2007

## Junior *FIRST* LEGO League, *FIRST* LEGO League, *FIRST* Tech Challenge and *FIRST* Robotics Competition Aligned with Pennsylvania Academic Standards

### Introduction:

*FIRST* is a New Hampshire based non-profit organization founded by Dean Kamen (inventor of the Segway) that seeks to inspire an appreciation of science and technology in young people through a variety of robotics competitions. These competitions include the *FIRST* Robotics Competition (FRC) and *FIRST* Tech Challenge (FTC) for high school students, the *FIRST* LEGO League (FLL) for children 9-14 years old, and the Junior *FIRST* LEGO League (JFLL) for 6 to 9 year-olds. The key to *FIRST*'s success is the work of over 20,000 volunteer mentors, professional engineers, teachers, and other adults working with youth across the country. In addition to the thousands of volunteer team mentors, *FIRST* competitions and other events were organized and staffed by over 7000 event and committee volunteers. Through these volunteers, *FIRST* programs engaged over 70,000 youth during the last year. *FIRST* programs are growing rapidly in the United States and Canada, and demand is accelerating in other countries. Please visit <http://www.usfirst.org> for more detailed information.

### FIRST in PA:

Currently Pennsylvania is home to more than 100 FLL teams, 30 FTC teams and 40 FRC teams. JFLL is in its infancy, but starting to gain interest and numbers. These exciting learning experiences support and enrich the PA Department of Education's efforts toward achievement of standards in Science & Technology, Mathematics, Career Education & Work, Reading, Writing, Speaking, & Listening, and The Arts & Humanities. This standards alignment shows what specific academic skills are supported and enriched through *FIRST* participation from age nine through high school. In addition to the standards *FIRST* helps students achieve, more the nine million dollars in college and university scholarships are available to participants as well as countless internships and job opportunities.

### The Document:

This document is aimed at raising awareness in all PA school districts about the impact *FIRST* has in the development of our students so existing *FIRST* programs can strengthen and more can begin across the commonwealth. The document is in the form of a chart showing only those standards that *FIRST* directly supports through its many activities. All PA Standards information contained herein was obtained from the PDE Website at [http://www.pde.state.pa.us/stateboard\\_ed/cwp/view.asp?a=3&Q=76716&stateboard\\_edNav=5467](http://www.pde.state.pa.us/stateboard_ed/cwp/view.asp?a=3&Q=76716&stateboard_edNav=5467). All *FIRST* activities and information was obtained from the most recent JFLL, FLL, FTC, and FRC competition manuals located at <http://www.firstlegoleague.org/default.aspx?pid=70>, <http://www.usfirst.org/vex/resources/>, and [http://www.usfirst.org/robotics/doc\\_updt.htm](http://www.usfirst.org/robotics/doc_updt.htm) respectively.

### Terminology:

All PA Standards Terminology comes directly from PDE documents and refers to specific standards and benchmarks (ex. "3.1.7.A").

All JFLL, FLL, FTC and FRC activities have been abbreviated as follows:

JFLL/FLL Term	JFLL/FLL Definition	FTC/FRC Term	FTC/FRC Definition	
Build	Design, prototype, test, & model/robot manufacturing	Build	Design, prototype, test, & robot manufacturing	
Prog.	Robot programming activities (FLL Only)	Prog.	Robot programming activities	
Res.	Research assignment associated with the challenge	CAD	Computer Aided Design & related competition	
Pres.	Both formal and informal presentations	PR	All PR activities and competitions including website, fundraising, presentations for judges and in community, and all associated documentation/correspondence	
		Pres.		
		Ani.		Animation and associated competition
		Mentor		Events that occur through mentor/student interaction
		Sch. Apps.		Scholarship Applications
		Shadow		Professional visitations and job shadowing
		Intern		Career internships
		Nb		Engineering Notebook
