In consideration of this entry being accepted, I, intending to be legally bound, hereby for myself, my heirs, executors, administrators, waive and release any all rights I may have against the organization holding this event, its agents, representatives, successors for any and all injuries suffered by me at said race.

Please discourage unofficial entrants (bandits) from competing. Bandits consume scarce resources and can delay or inhibit accurate race results. Unregistered runners, running with dogs, strollers, rollerblades, bicycles, and the wearing of headphones are prohibited on the race course at any time to ensure the runners' safety and to comply with liability insurance standards.

## 5K Robot Run/Walk Pledge Form

I am participating in the **5K Robot Run/Walk** sponsored by First State Robotics to raise money for a very special cause. I am a member of a local robotics team and we build robots to participate in FIRST robotics competitions on regional and national levels. See what FIRST is about below.

Our Robotics Team is one of the most inspired and enthusiastic FIRST organizations in our region, and we plan to take our robot to compete with the best of the best in regional and possibly National Championship events. I have made a commitment to raise money towards our teams development, expenses and potential travel costs and I really need your help to reach this goal!

**FIRST** stands for **For Inspiration and Recognition of Science and Technology** and is a program designed to interest students from elementary through high school in careers in science, technology and engineering. (See [www.usfirst.org](http://www.usfirst.org)) I am working with professionals who are teachers, engineers, and/or parents who volunteer their time to mentor students through this program. We work together to design and build robots that play exciting, challenging and competitive games. In the process, I am learning about engineering, project planning, computer programming, public speaking, and developing, competitive, and other real-world valuable skills. Students, like me, participating in the FIRST program are also eligible for over \$5 million in scholarships for college!

All donations are tax deductible, and receipts for your donations can be provided. Thank you in advance for your support of me and my Team!

**I truly appreciate it!**
